

American Government & Politics: A Christian Worldview.
Government-tionary 4 (30–35 minutes)

TEACHER INSTRUCTIONS/KEY

Goal/Prep

- **Objective:** Students review American Government terms and persons.
- Print the instructions on this page, the category page (Page 2), and either a color or black and white game board (Page 3 or 4). All words (except for the “Persons” category) come from the American Government book or audio-visuals or articles discussed in class.

Materials Needed:

A 6-sided die • 2 whiteboards/dry erase markers (pens/pencils/paper will do in a pinch)
2 “service bells” • 2 game tokens (different coins will do) • A timer (a smartphone is fine)

Instructions

1. Divide class into 2 teams; tell teams to get in some kind of order and **stay in/rotate using** this order!
2. Decide which team goes first by having one member of each team roll the die. Higher number wins.
3. First team member/artist rolls the die and moves token that number. Whatever space the token lands on is the category that artist draws. (P = Person, T = Term/Object, A = Action, M = Miscellaneous). Tell students: All of the words/terms/persons in this game are found in the book!
4. Look at your category list for the first item on whatever space that token lands on, write this word/term down (on your own whiteboard if you have one), and show it **ONLY** to the first artist on both teams.
5. Set the timer for 45 seconds, say, “GO!” and watch the artists draw a picture to get their teams to say the word/term first. The first artist to ring the bell (after hearing the word said by his team) wins. (If neither team gets the answer in time, choose the next two artists and a random category for them.)
6. Artists may NOT draw numbers, letters, or words with blanks to show how many letters the answer has. They also may not gesture with their hands, point, speak, or mouth any words!
7. When a team wins a round, the next player on that team rolls the die and moves the token, gets the corresponding category word from you, and takes a turn as the artist, drawing against the next player on the other team.
8. First team to reach the finish line wins! (You’ll probably have enough time to play two games.)

GOVERNMENT-TIONARY CATEGORIES

PERSON(S)	TERM/OBJECT	ACTION	MISCELLANEOUS
BROTHER	DOOR	BREAK	TREE
MINISTER/PASTOR	RAT	WRITE	SOB/CRY
FRIEND	ARMY	CALL	RICH
THOMAS JEFFERSON	FLAG	QUARTER	FRANCE
